

David E. Shulenburger

Vice President for Academic Affairs, National Association of State Universities and Land-Grant Colleges (NASULGC)

David Shulenburger is NASULGC's first vice president for academic affairs. His immediate areas of concentration are on accountability and assessment in higher education and on the economics of higher education. Before joining NASULGC in June 2006, Shulenburger was provost and executive vice chancellor of the University of Kansas. He served there as chief academic officer for 13 years. He started at the university in 1974 as an assistant professor and now holds the emeritus professor title. He received his PhD and master's degrees from the University of Illinois and his undergraduate degree from Lenoir Rhyne College. He previously served as a faculty member at Clemson University and as a labor economist for the U.S. Department of Labor.

His current research and writing focus is on the economics of scholarly communications and of universities. He has been active nationally and internationally as an advocate for reform in the areas of accountability, scholarly communication, and academic accreditation.

He was chair of the Board of Directors of the Center for Research Libraries from 2005 to 2007. He's currently a member of that board and the National Commission on Writing and is a consulting editor for *Change Magazine*. He was chair of the National Association of State Universities and Land-Grant Colleges Council on Academic Affairs in 2000–01 and a member of the BioOne board and the Kansas Technology Enterprise Corporation.
