TA/TF Contract for Teaching Recitations

Term/Year _______________________________________________
Instructor _______________________________________________
Course _______________________________________________
Enrollment _______________________________________________

The Department of the History of Art and Architecture has determined that teaching recitation TAs/TFs have 90 hours (per 100 students) and 67.5 hours (per 67 students) available each term for grading* and related duties.**

The recommended grading assignment for teaching recitations includes one final and two midterms, or the equivalent (i.e., quizzes or a short, two- to three-page paper in place of a midterm).

These recommendations are based on the following estimates: 20 minutes as the amount of time needed to grade an average essay midterm/final or two- to three-page paper (100 exams/short papers=33 hours; 67 exams/short papers=22.5 hours).

The TA/TF Contract Committee will hold a meeting with all TAs/TFs during the third week of each term to review any questions or issues regarding contracts and their implementation. Additional TA/TF meetings with the Contract Committee will take place as needed.

OVER

* University regulations stipulate 300 hours total per term as the maximum number of work hours required of TAs/TFs. The Contract Committee established that attendance at lecture, recitation, office hours, meetings with course supervisor, doing assigned readings, and preparation takes 210 hours per term for teaching recitation TAs/TFs. All teaching, writing, and grading TAs/TFs are assigned to a specific lecture course; they are to do grading ONLY for that course to which they have been assigned.

** As established under an earlier TA/TF contract with the Department of the History of Art and Architecture, TAs/TFs are not expected to pull slides or load them into carousels for the purposes of the course instructor's lectures. Contract revisions of spring 2000 established that TA/TF responsibilities for Web site maintenance or any other digitizing or computer work are restricted to research and visual resource library TA/TF positions and may not be required of any other TAs/TFs.
