

ALGEBRA 2 – PROBLEM SET 7 – UNIVERSITY OF PITTSBURGH, FALL 2019

Due on Friday October 18.

In this problem set, we continue to explore integrality.

- (1) Meet with your assigned partner from the class in order to compare and discuss your solutions to problem set 6. After your meeting, write down a description of something that you learned from the discussion.
- (2) DF §15.3, Problem 3. You are welcome and encouraged to discuss this problem with your partner as well, just write up your solutions separately.

Extra problem: DF §15.3, Problem 17.
