About SWE
The Society of Women Engineers (SWE) promotes women in achieving their full potential in careers as engineers and leaders. Pitt’s collegiate SWE section demonstrates these values by providing professional development assistance and networking opportunities to its members and by inspiring our community’s youth to engage in STEM fields through outreach events.

ANNUAL PITT SWE EVENTS

Women in STEM Conference
Undergraduate students, graduate students, and professionals in STEM fields are invited to this event to share knowledge, network, and gain professional skills. Various breakout sessions such as Public Speaking, Communicating and Leading Across Generations, and Managing Effective Meetings are hosted by sponsoring companies. Women in STEM will be hosted on a Saturday in winter.

ETIQUETTE DINNER
This event features a dinner interview etiquette workshop over a catered reception. Pitt SWE members are invited to dine amongst sponsoring company representatives for an evening full of networking and advice. Representatives will give a short presentation and spend a majority of the evening engaging with SWE members. Etiquette Dinner will occur on a week night in spring.

OUTREACH EVENTS

Pitt SWE is dedicated to serving our community by providing free STEM outreach to students in elementary school up through high school. Elementary and Middle School events begin with a STEM exposition, where outside organizations are invited to give an experiment or demonstration. Company sponsors are invited to host a booth during this time. Then, students practice the fundamentals of engineering (team work, problem solving, creativity) through hands-on challenges. High school events are geared towards educating students on the engineering disciplines. Students also tour Pitt’s engineering building and laboratories. Company representatives are invited to participate in a Q&A panel or present a keynote speech.

Signature Events
- Elementary Engineering Extravaganza
- Girls Engineering in Middle School
- High School Engineering Day
- Girl Scout Engineering Day
