## Dr. Li lectures at PM&R Conference

Dr. Zong-Ming Li was an invited keynote speaker on hand biomechanics at the 10th Congress of Chinese Society of Physical Medicine and Rehabilitation in Guangzhou, China. The Congress highlights the importance and challenge of rehabilitation after the China's 2008 catastrophic Wenchuan Earthquake (汶川大地震) that claimed almost 70,000 lives and injured about 400,000 people.
